Groton/Conde Parishes

United Methodist Messenger

Pastor Jan Price

We Begin!

My reflections have been today of willing helpful, smiling people who have come alongside of this pastor to begin our ministry time together. Each person has enthusiastically shown their gifts and graces and given such willing hands, hearts and minds that this pastor is able to give a sigh. How wonderful to have staff and committee chairs who are

ready to "jump in" and then wait upon God to move and direct each of us as we find the layers to do His work among the people.

In the quietness of this sanctuary in Groton I have come to find that perfect peace where God is waiting to begin a new work in

us all as we await Sunday mornings worship.

I stopped by Conde's church and found it full of fun and excitement with a baby shower going on at that very moment. It was great to hear the laughter and expressions of joy come from that very happy time.

Each of your families have experience some sort of damage from the huge storm and rains that have come through our area this summer. We are so grateful for the moisture and pleased to see, even late planted crops come to fruition, but have all sustained damage. May we continue to support, help and assist each other with those needs. We are the hands, feet, eyes and ears of God right here to help each other. If there are those who could use a work crew of 4 or 5 people to come and help clear damage, do repairs, please contact Pastor |an and we will arrange for that to happen. You will help us meet the needs of others by giving us a chance to do for others....and you all know how good that feels. So do not hesitate to ask and we will not hesitate to be ready to come. Those who are willing to serve in this manner please let the pastor know.

I am ready to begin our ministry to together. This pastor does not come with a hat and white gloves (I have worn them), I come with one high heel, a boot, workpants, a blazer, work shirt and cannot possibly meet the needs of each pre-formulated idea of "what a real pastor is". But I am open to suggestions, have an office door that is open and a heart to listen and serve. May we find God waiting for us in our future and writing our history, as God is currently in our present and certainly was in our past. I come with arms wide open to those who are ready for a hug, a handshake and joy in the Lord.

Beatrice's Goat

For many children in the United States, attending school is nothing spe-Many take their cial. learning opportunities for granted and often forget that there are other children who are not as fortunate.

Beatrice's Goat tells the story of a young girl who lives in Uganda with her mom and five brothers and sisters. Every day Beatrice helps her mom plant in the fields and grind flour to sell at the market. They barely scrape by with the money they make, having just enough to feed and clothe the family. Beatrice is un-

able to afford school though she often dreams of wearing a school uniform, writing in a notebook, and studying all the day long.

On UMW Reading Program

One day, her mom informs her that they are one of 12 families slated to receive a special gift -a goat. Beatrice doesn't really understand what's so special, but promises her momma to help care for it. After building a shed for the goat and tending to the pastures, Beatrice finally meets their gift. She befriends the animal and names her Mugisa, which means luck. When the time is

right, Beatrice sells the goat's sweet milk at the market. The coins add up with and, this extra money, Beatrice is able to go to school. Mugisa also gives birth to babies that are sold to other families who will benefit from having livestock of their own, and Beatrice and her family are able to save money for a new roof.

This touching story was inspired by the true story of a Ugandan girl who was helped by Heifer Project International. HPI is an outstanding organization that provides livestock to poor communities around the world. Hillary Rodham Clinton, who has written the afterword for Beatrice's Goat shares of her belief that lives can change for the better with the help of retraining, and sources, community support. This book illustrates that belief and will hopefully educate all those who read it. A portion of the proceeds will be donated to Heifer Project International.

DON'T TAKE A VACATION FROM CHURCH

Share your talents

A talent is worth only what you do with it. Imagine your talent as a plain bar of iron that's worth about \$5.00. That same bar of iron, when made into horseshoes would be worth more than \$10. If made into needles, it would be worth around \$3,500. And if turned into balance springs for watches, its worth would become over \$250,000!

What is your talent, and how are you using it?

Groton Church Roof Needs Repairs

ΠPP

The Groton United Methodist Church is looking up again. We are looking to see where the rain keeps coming in. And we are looking for guidance. And we are looking up in prayer. Roof repairs are needed again and that makes a big need for prayers and guidance, as well as for generous gifts to cover the costs.

The roof repair committee met Wednesday, June 23, and considered sev-

eral proposals for repairs. Present from the roof committee were: Jerry Rix, Chairman; Cliff Pray, Trustee Chairman; Allen Walter, Finance Chairman; Sherwin Nyberg, Roger Rix, Marc Johnson, Alan Strom, and Anita Lowary, Secretary. (Lars Hanson and John Erickson were absent.) After much consideration the committee's choice was to hire Grote Brothers of Aberdeen to do a new rubber roof over a foam slope on all roof areas that are now flat and repair all the rotting wood under the

existing rubber. Other contractors will also have to be hired. A carpenter to close the north windows in the fellowship hall, an air conditioner contractor to raise the sanctuary air conditioner off the roof, and an electrician to rewire the air conditioner.

The roof repair would require the north windows in the closed. Although we will miss the light from this windows, we will not miss the breezes, the dirt, and the insects that these windows let in.

The approx. \$57,773 budget for this project is as follows:

- Foam Slope & Rubber Roof Bid \$39,773
- J Hidden Roof Repairs approx. \$15,000
- Close Windows approx. \$2,500

This is all before we start on the inside to remove the mold by replacing the ceiling tiles and some of the carpet. This part of the project is expected to be approx \$10,000 to \$20,000. Some of this can be postponed or done one room at a time, but will have to be addressed eventually. The chief concern is to

stop any further damage by stopping the leaks now.

Due to the recent sewer repairs which were discovered when we remodeled the bathrooms for handicap accessibility, our Building and Maintenance Fund is at a really low balance (under \$2,000) and although we have started a Roof Repair Fund, we have only raised \$3,000 so far. The Groton Church will be able to get a loan from the conference for 6.5% interest rate, and possibly a grant for \$10,000 from

the Conference Builders Club. If there is any congregation member who would like to offer a loan at a lesser interest rate, please contact Allen Walter. We would like to get as much of the project paid up front as we can, but we can not put off these repairs any longer. We do not want our ceiling to come falling down on our heads or the mold affecting anyone's health.

This plan was presented to the Administrative Council later in the evening June 22 and met with their approval. The plan, then, was presented to the Church/Charge conference on June 29 for their approval. Please show your support and give generously!

A fun fundraising committee is being formed. Please Contact Mary Hayenga to volunteer!

The prize under the rock

On the road in front of his palace a king had his guards place a large rock. Standing hidden, the king watched to see how passersby handled the obstruction. Most travelers simply walked around it. A few tried to roll the rock, but found it too difficult to dislodge. They gave up and went on.

Eventually, a peasant pushing a cart full of vegetables stopped. He put his full strength behind the stone and pushed. It didn't budge. Undeterred, he pushed again and felt some movement. He pushed again and again until he finally managed to move the rock out of the path. When he started on his way again, he glanced down and saw a leather bag where the rock had been. He picked up the bag, opened it, and discovered it was filled with gold coins. There was also a note from the king. It said that anyone who found the bag could have the money.

The winners in life are those who work faithfully until the barriers to fulfillment are removed. "Be faithful until death, and I will give you the crown of life" (Revelation 2:10, NRSV)

Groton UMW Minutes - June 15

The Groton United Methodist Women met Wednesday evening, June 15, 2005. The meeting was preceded by an officers' meeting and a nominations committee meeting.

Carolyn Snyder and Ann Rix gave the Pledge Service program, "Then and Now: 136 Years of Mission". The Women's' Foreign Missionary Society was born May 3, 1869, when two women missionaries were sent to India. Clara Swain was a doctor and Isabelle Thoburn was a teacher. Two schools that were an outgrowth of their work and supported by UMW missionary funds are the Allen School in Asheville, N.C. and McCurdy School which was established before New Mexico became a state in 1926. Members filled out pledge cards, the proceeds of which will be used for the local unit's mission program.

President Jolene Townsend presided at the business meeting. The PURPOSE was repeated in unison and a short devotion was entitled "A Cute Story". The treasurer gave the financial report and the recap of the May Breakfast receipts and expense.

Mary Swisher, mission coordinator of program resources, said several new books are in the library. The reading reports are due to her by August 1, 2005.

The May Breakfast was successful with many compliments received. The committees were thanked. The Tea Party on Wheels held in May was successful with the "special people" thrilled with the visits. The pictures in the Newsletter were good.

The Banquet supper in Sioux Falls went fine. Four hundred sixty-eight were served, 65 being under 12. The workers from Groton and Conde were assisted by college kids and workers from Senator Thune's office which is across the street. The Groton-Conde people were given a tour of the backroom where the kits are stored and the laundry area.

The District meeting will be in Gettysburg on September 10. Quilts, 52x52 in size, may be brought for the Tree of Life.

A prayer vigil will be on August 29, at 9:00 to 9:45. Prayer emphasis will be on missions, missionaries and District Officers.

The funeral for Matt Rock will be held June 17th. The June committee will handle serving lunch. The potluck dinner for Rev. Grant's farewell will be June 19th when worship time will be exchanged with Conde. The welcoming for Pastor Jan will be on Wednesday, June 29th at 7:00 p.m. with a potluck supper, "pounding" and a church conference meeting following the supper.

Linda Thurston will host the July 20th meeting in her new home in Aberdeen.

What is the Builder's Club? Join Today!

The mission of the Dakotas Conference Builders Club is: To seek to offer helping hands to sister churches who are building or renovating churches and parsonages, or who need help due to natural disasters or emergencies. We trust that members of the Dakotas Conference will continue to give faithful support to churches in need well into the future.

At the time of the merger of North and South Dakota Conferences, a decision was made by the Board of Lay Ministries to ask members to consider supporting up to four calls per year by contributing at least \$10 to each call. Members are free to choose which of the calls they wish to support, but answering all of the calls is strongly urged.

Priorities for Needs Request: The Board has adopted a list of priorities when handling requests for help from the B u i I d e r s C I u b. They are as follows: I) Emergencies and natural disasters

2) Building new churches

3) Church building renovations4) Purchase or renovation of parsonages

As the request forms come in, they are dated and placed on file according to the priority order. According to the total number of forms submitted and their priority, some may be set back/put on hold. In the event of extreme emergencies, a special call may be made.

The Builders Club is continually adding to its membership list. If the Calls were served by 1000 members, the churches in need could be receiving up towards or over \$10,000 per Call!!

UMW Reading Program Books for July

An Hour Before Daylight: Memories of a Rural Boyhood by Jimmy Carter. This book is delightful, honest and nostalgic. It carries you back to a place in rural America where people

were 'who they were'. Plain and simple, the life and culture was formed into a certain mold which eventually unfolded itself. Jimmy Carter has written a masterpiece similar to Laura Ingalls Wilder's Little House Books. Mr. Carter does well to talk about life, the way it use to be lived in the great State of Georgia. hard work, manners....schooling...life. Parents that teach. Oh a great time to remember. This is a wonderfully written memoir.

Hidden Women of the Gospels by Kathy Coffey. Kathy Coffery has given us a delightful look at some behind-the-scenes characters from the Gospels. In so

doing she raises some key issues in spirituality--for women especially--and helps us all to confront the challenge the gospel message presents.

West of the Jordan-A Novel by Laila Halaby

Through the narratives of four cousins at the brink of maturity, Laila Halaby immerses her readers in the lives, friendships, and loves of girls struggling with national, ethnic, and sexual identities. I loved this

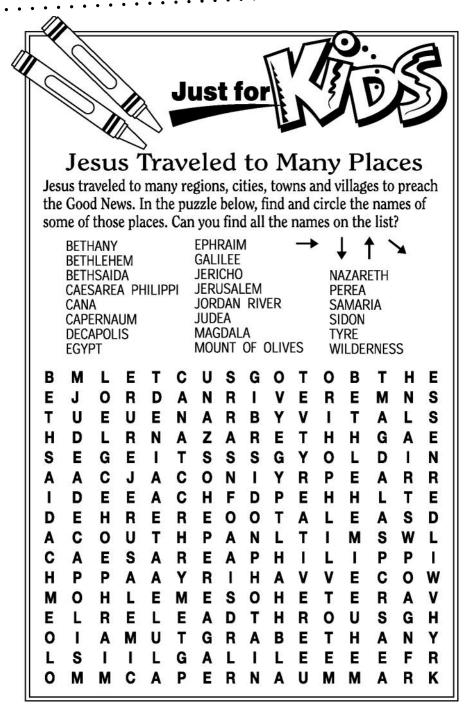

book! It gave me such a perspective that I had not known before. It was enlightening and shows that their is humanity in even those places in the world where the media tries to hide it! I want to me more of this caliber with this perspective. Wonderful portrayal of life, culture, love, passion and suffering of the people of Palestinians and their lives as a displaced people!

The Pastor's "Pounding" Welcome

June 29th we welcomed Pastor Jan to the Groton Church with a pounding and potluck. Members brought gifts of a pound of something. She received many items from the kitchen to items for her desk. Thank you to all who helped make this a success.

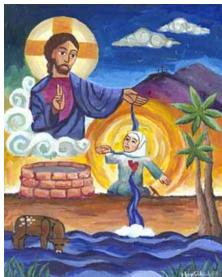

One summer afternoon a grandfather picked up his 4-year-old grandson at church. "Well, Jason, how did you like your first day of vacation Bible school?"

"It was great!" the boy replied." "We heard some stories and drew some pictures. Then we went out to play, and when we came back in God had juice and cookies waiting for us!"
